### **2006 Cahiers**

The IFA administration has advised as follows:

“Thanks for your recent emails in connection with the non-receipt of the 2006 Cahiers. We are so very sorry about this whole affair and will make every attempt to have the books (and CD-Roms) reprinted and despatched at short notice. However, since this entails a considerable amount of money we need Executive Committee approval which we hope to obtain within a short period of time.”

### **IFA Congress 2006 DVD**

We have received a DVD recording of two sessions of this year’s congress which we are evaluating. It is envisaged that we shall hold a session in Cape Town and Johannesburg where the seminar recording may be viewed by those members who wish to attend. This will be a separate session from that of our normal seminar activities and will take place early in the New Year. Further detail on dates and venues will be advised.

### **End of Year**

Another year has passed. We thank our members for their good support during 2006 and we wish all of them a pleasant, safe and well deserved summer holiday.

Regards

**Charl du Toit**
